I am pleased to see our new 3rd edition of PharmaBuzz, the quarterly e-news letter prepared by the respective coordinators at Anand College of Pharmacy, this time in September, instead of August, so that we can fit in to the consistent rhythm of publishing it on quarterly basis, completing the last issue of the year 2015 as October to December making it total 04 issues per year.

The campus and college revived once again after summer vacations in Jun-mid to July-2015 following the final university exams, with the academic routine starting once again and the students, faculties & staff filling up the campus and college with the re-energized air to start their studies for new term with fresh enthusiasm. Anand College of Pharmacy welcomes the new entrants in first B. Pharm on orientation day on 14th of August, 2015. The students also took part and received blessings in the Gayatri hawan organized in campus, as per the SGI traditions. The first year fresher’s welcome party was organized with
much gusto by the senior pharmacy students and it was breathtaking to see some of the finest talents of students shine though various programs including fashion shows, dances, song, mimicry and other. I especially welcome 1st year B. Pharm new entrants as a part of dynamic pharmacy team and urge them to be part of student club maintained by senior students for the scheduled extracurricular activities, apart from concentrating on their academic studies and adapting to the new surroundings. We all are here to help accommodate you.

It was heartening to take note and appreciate the B. Pharm students participating and winning various accolades too, in extracurricular competitions like sketch and essay writing held in and out of the campus. All final year students too are painstakingly preparing their research and review projects under the keen guidance of their respective teachers.

These August and September months also witnessed the flurry of activities from all of us, at Anand college of Pharmacy, preparing the plan for organizing the national conference in this November, 2015, to be held after a gap of almost 05 years, the last one being held in the year 2009. Good efforts were put in by all of us, in meticulously preparing and submitting the proposals for various grants too, for the conference. We started to get the positive fruit, as we receive the approval letter from DBT for the fund worth Rs. 50,000/- for the conference. I congratulate all, as we wait to hear positively, from the other funding agencies that we applied to.

It was heartening to take note of my students and staff painstakingly preparing for and observing ‘World Pharmacist day’ with 2-day celebrations at college. As Student’s enthusiastically took part in various events like, poster, rangoli and slogan competitions, their care for community as a pharmacy student was apparent in the way they reached out to nearby villages for dengue awareness, No tobacco campaign and health camps. I thoroughly applaud their spirit.

I appeal to all the students as well as faculties, not only to keep up taking more interest in research and publications, but also encouraging oneself and students to submit their research projects, for faculty as well as student- fellowships, for various research grants available from official agencies, apart from motivating them to participate in all other extracurricular activities. I definitely want the best results too, in terms of exam merits and academic achievements.

I urge everyone to gear up for the work related to upcoming guest lectures series-2 and also conference related work and activities, this year, which is going to be momentous and huge. Everybody from teaching to non teaching staff and B. Pharm as well as M. Pharm students need to work as a team and put in their best of the efforts, with which only, any of these endeavors at college can succeed, a great deal.

With this, I present this 3rd news letter-3, “Pharmabuzz” to you that you will like to go through with interest along with the quotes this time, dedicated to all teachers and mentors, in keeping with the spirit of 5th September, the national teacher’s day. As the venerated Swami Vivekananda said: “Stand up for what you believe in, be bold, be strong and take the whole responsibility on our shoulders”.

With Cheers & Best wishes to all,
Dr. Kashmira J. Gohil

“The role of a creative leader is not to have all the ideas; it’s to create a culture where everyone can have ideas and feel that they are valued.” – Ken Robinson
THE ORIENTATION PROGRAMME

Anand College of Pharmacy welcomed Freshers, First B. Pharm 2015-16 in orientation programme held at Anand Technical Campus, Agra on 14th August at 11:00 am in Raman Hall (Biotechnology Building). Prof. Anil Kishor Saxena, Director, Anand Engineering College welcomed all students. With his inspiring word a session started. He also highlighted the technical qualities of the college and prepared students by giving speech on hard work and concentration. Dr. Kashmira J. Gohil, Dean, Anand College of Pharmacy welcomed the Freshers and motivated them by reciting a poetry written by Late Shri Harivansh Rai Bachchan entitled “Koshish karnewalo ki kabhi har nahi hoti hai.” The entire teaching faculty member’s gracious presence at this occasion inspired and motivated the novices.

**THE GAYATRI HAWAN**

The students of Anand College of Pharmacy participated in “Gayatri Hawan” on 25th August 2015 at 10:00 am at Anand Technical Campus, Agra. The Director, Deans, all HoD and first year teaching faculties participated and coordinated with students. The “Vedic Rishi” Pandit Shri Ram Sharma Aacharyaji pleaded that it is conducted to please Gods or to attain certain wishes. The hawan also brings high energies into our minds and body thereby open a way for the positive thoughts, actions etc. to enter into our life. It’s useful in re-vitalizing the three energies in our body (Vata, Pitta and Kapha) and help in maintaining the energy balance. It also conceived and believed that hawan will bring health, happiness, luck and prosperity. It was preceded by reciting of divine names of God. As oblations was offered by director, all deans and faculties followed by students in the sacrificial fire amid chanting of Sanskrit hymns, slogans.

PENCIL SKETCH COMPETITION
Pencil sketch event was organized on 21st August 2015, 3:10 pm onwards in Anand Campus. The event was covered in two rounds. In first round, interested students were welcomed to participate and sketch anything related to their branch, and second round included those students who were selected in first round only for making sketches of celebrities from segments along with a quote and pledge by the participant. The segments covered celebrities from Industry, Pharmacy, Sports Legends, Politics, Singers, Science & Technology, Film, Alumni of AEC and management. Prachi Shukla, Imranul Haque and Fatma Zehra (1st Year B. Pharm) and Sidhharth Chaurasia, Manika Kulshrestha (3rd Year B. Pharm) participated in first round and Prachi Shukla (1st Year B. Pharm), Sidhharth Chaurasia (3rd Year B. Pharm) and Manika Kulshrestha (3rd Year B. Pharm) were selected for second round of competition.

ESSAY WRITING COMPETITION
Students of Anand college of Pharmacy participated in All-India Essay Writing Events-2015 organized by “Shri Ram Chandra Mission”. This event invited essay on topic entitled “The mind is not a vessel to be filled, but a fire to be kindled” for category first (classes 9-12) and for category second (UG and PG) topic entitled “The man who has no inner life is a slave to his surroundings”.
The fifteen students of Anand College of Pharmacy participated in Essay Writing Competition and results are awaited.

INDUSTRIAL TRAINING

“Teachers are wonderful beings who inspire the spirit and open the mind”. David Levithan
WORLD PHARMACIST DAY CELEBRATIONS (23th & 24th September, 2015)

- The first day of World Pharmacist Day with free health check up camp, poster presentations, slogan writing competition, rangoli making competition and model presentations and second day for prize distribution, cultural programs and “Dengue Jagrukta Abhiyaan”. A team of students of Anand College of Pharmacy proceeded for Panwaari village for health campaigning and advising rural people on Dengue awareness and anti- tobacco mission.
- Dr. Kashmira J. Gohil, Dean, Anand College of Pharmacy addressed the audience and congratulated them for honoring world pharmacist day. She informed that in some places this world pharmacist day celebrated two to three days and weeks together. She also explained about the meaning of symbol of pharmacy. She emphasized on unity among staff as well as among students apart from extracurricular activities.
- Colorful pomp and show started, Manali Gupta, Prachi Shukla and Diksha Shrotiya (1st Year B Pharm) performed a dance on song “Shree Ganesha” and Fatma sang a song on “Ishaq Sufiana”.
- Komal Gurmani and Chhama Nishad also performed a group dance on song “Re Chiraiya”.
- The first prize of the poster presentation won by Samiah Rehman (1st Year B. Pharm), second prize to Rajat Sagar (2nd Year B Pharm) and third prize to Fatma Zehra (1st Year B. Pharm).
- In slogan competition Shivam Kulshreshtha (1st year BPharm) secured first, Nitank Agrawal (2nd Year B Pharm) second and Ritu Raj (1st Year B. Pharm) third place.
- Rangoli Making completion triumphed by Shilpa and Preetika (2nd Year B. Pharm) first, Komal Gurmani and Kalpana Yadav (3rd Year B Pharm) second and third by Manali Gupta and Prachi Shukla (1st Year B Pharm).
- Model Presentation competition won by Bijendra Mandal and Rahul Kushwah (1st Year B Pharm) and second place secure by Pankaj Garg (2nd Year B Pharm).

**FACULTY ACHIEVEMENTS**

- Mrs. Priyanka Shrivastava (Lecturer, Pharmacognosy, ACP) published a review article entitled “Role of Education and Counseling for the Prevention of Japanese Encephalitis in the Eastern U.P, India” in Epidemiology 2015; 04:3
- Original research article of Mr. Mukesh Kumar Kumawat (Asst. Prof., Pharmaceutical Chemistry, ACP) accepted for publication entitled “Molecular docking studies of some novel 1, 2, 4, 5-tetraoxane derivatives as antimalarial agents” in World Journal of Pharmacy and Pharmaceutical Sciences, ISSN 2278 – 4357, Volume 4, Issue 10, November 2015.

**STUDENT’S ACHIEVEMENTS**

- Tammana Khan and Dushyant Tyagi (4th Year B. Pharm) completed project entitled “Platelet Augmentation Effect of Wheat Grass Juice” under the continuous guidance of Mr. Pankaj Verma (Asst. Prof., Pharmaceutics, ACP).
- Sanchita Goyal (4th Year B. Pharm) worked on a project entitled “Development of Herbal Hair Dye”, a brown colored herbal dye containing pure herbal ingredients and showed nearly comparable results with marketed dye product. The project guided by Dr. Rekha T. Rajput (Asst. Prof., Pharmacognosy, ACP).
- Indrajeet Singh and Rahul Yadav (4th Year B. Pharm) completed project on entitled “Development of Herbal Shampoo” under a continuous guidance of Dr. Rekha T. Rajput (Asst. Prof., Pharmacognosy, ACP). They prepared excellent herbal shampoo by using Linseed oil as a thickening agent with other herbal ingredients. The results of prepared formulation were nearly comparable with marketed herbal shampoo (Himalaya Herbal- Anti Dandruff Shampoo).
- Taniya Oberoi (4th Year B. Pharm) compiled a review article and submitted as a project entitled “Review on a Tool for Regenerative Therapy”. Mr. Arun Kumar (4th Year B. Pharm) compiled a review article and prepared project entitled “Review on Cord Tissue” under continuous guidance of Dr. Rekha T. Rajput (Asst. Prof., Pharmacognosy, ACP).
- Suruchi Rai (4th Year B. Pharm) compiled review entitled “A Review on Diffusion through Transdermal Patch” under the continuous guidance of Mrs. M. Shamshath Begum (Asst. Prof., Pharmaceutics, ACP). This review article included details based on diffusion through transdermal patch. Here, a general view over the transdermal patch has been discussed along with its advantages, disadvantages, methods of applying, care taken while applying, types and applications of transdermal patch and recent advances along with recent patents and market products.

“Teachers are endless Fragrance, which lasts forever in mind of students as Knowledge”.- Samar S.
Manisha Das (4th Year B. Pharm) prepared project entitled “A Review on Modern Delivery System for Ocular Formulations” under continuous guidance of Mrs. M. Shamshath Begum (Asst. Prof., Pharmaceutics, ACP). In this article, we have summarized the different types of commonly used ophthalmic formulations and compared the conventional formulations with the advanced formulation in many respects like their applicability, acceptance, characteristics and utility. This should also serve to put into perspective the discussions of more sophisticated components and elaborations.

Preeti Sikarwar (4th Year B. Pharm) worked on project entitled “In-Vitro Quality Evaluation of Three Brands Nimesulide Tablets Marketed in Agra, India” under the continuous guidance of Mr. Mukesh Kumar Kumawat (Asst. Prof., Pharmaceutical Chemistry, ACP). The aim of the present study is to investigate the physicochemical equivalence of three brands of tablets containing Nimesulide purchased from different retail pharmacy outlets in Agra, Uttar Pradesh, India. The results indicate that the tablets of Nimesulide purchased from retail outlets in Agra are manufactured and marketed from WHO GMP certified Indian companies.

Laxmi Narayan Singh and Vikash Jain (4th Year B. Pharm) completed project entitled “Formulation and Evaluation of Orally Disintegration Tablets of Nimesulide by using Natural Disintegrates”. The study conclusively demonstrated formulation and evaluation of orally disintegration tablets of Nimesulide by using natural disintegrates. The project guided by Mr. Mukesh Kumar Kumawat (Asst. Prof., Pharmaceutical Chemistry, ACP).

Sumit Singh and Shiv Kumar (4th Year B. Pharm) prepared and worked on project entitled “Development of Herbal tonic: Ashwagandha roots” under the continuous guidance of Mrs. Priyanka Srivastava (Lecturer, Pharmacognosy, ACP). Ashwagandha herbal tonic have an ability to increase vitality, energy, endurance and stamina, promote longevity and strengthen the immune system without stimulating the body’s reserves. In fact having the ability to nurture the nervous system, counteract anxiety and stress to promote a calm state of mind.

Roshni Srivastava (4th Year B. Pharm) worked on project entitled “Estimation of Ibuprofen & Paracetamol by UV Spectroscopy”. The aim of this investigation was to develop and validate a spectroscopic method for combination of Ibuprofen and Paracetamol tablets using UV spectrophotometric method. The method was validated according to ICH guidelines which include accuracy, precision, specificity, linearity and analytical range. This method can be applied successfully for the Quality control of Ibuprofen and paracetamol in marketed tablets. The project has been handled and guided by Mr. Gurvinder Pal Singh (Lecturer, Pharmaceutical Chemistry, ACP).
