

### Message from Dean

**Dr. K. J. Gohil**  
M.Pharm, Ph.D. (Pharmacology)  
Dean, Anand College of Pharmacy

I am glad to see the latest 14<sup>th</sup> edition of our college e-news letter 'Pharmabuzz@ACPians' released from Anand College of Pharmacy in the new session. The e-news letter edition has been consistently put out so far by the editorial and publication team consisting of staff and students. Congratulations to all and please, keep it up.

All latest events of this semester in college are noted herewith in this issue. Not only this keeps track of the event calendar of the session in college, it also prepares for the better organization of the same in future. What can I see right now that all faculty and staff need to prep and focus themselves on academic part in terms of student's attendance and results. When lecture quality is maintained in terms of contents, update, punctuality and sincerity, it directly reflects positively in good attendance. As all colleges in whole group are brainstorming now on rejuvenation and revival strategy in terms of recent downward trends of admissions and placements, our goal in this crisis is to maintain the good admissions in pharmacy. This is only possible when students are academically oriented and satisfied. Good attendance of students results in good results which lead to better placement and so on. This ultimately results in good admissions in new session. The onus is on to all staff in college to uphold and sustain the good admissions and positive academic orientation of students by becoming sincere, punctual and hard working on your own. This is what is needed to survive in this competitive edge. As we have recently held intense discussions and brainstorming on the above points in latest meeting in this month for plans and proposed steps, you need to implement it as well. Remember, the change starts from "you" only and take it up as an individual challenge. We need to improve our college university ranking in this session. If above all are taken care of, then only the accreditation of college is possible, which is absolutely needed for survival of a college in academia in a year or two. Pl. put your best foot forward.

It's also our moral duty to build up and boost student's morale to next positive level and the charity begins from home only. Take up responsibility at individual level personally rather than always passing the ball to another court or blaming others. When we are true to our selves, honest, sincere and brave in our endeavors and spirits to stand up for the values, then only true academic rejuvenation is possible, as visualized. We have to stop the dilution of profession to survive and sustain its dignity as in earlier times. It is crucial as, 'its because of 'this' that we are here professionally'.

**"Integrity is doing the right thing, even when no one is watching. While "Wisdom" knows the 'Right path to take', "Integrity" is "Taking" it!!"** No other ways can work positively for any rejuvenation or revival if this is not observed, firsthand.

All the best and Good luck for your genuine efforts.

Wishing you all Happy Diwali and blissful New Year, in advance!!

**Best Wishes,**  
**Prof. K. J. Gohil**  
**Dean, ACP**

## Guest lecture on “GRE and TOEFL: Opportunities Abroad” at Anand College of Pharmacy

### Highlights

A Guest Lecture in Anand College of Pharmacy was held on 05th September 2019 by **Mr. Abhishek Paul** (Senior Manager), a principal consultant from Learning Links foundation, Educational Testing Service(ETS), Gurgaon, in Radhakrishnan Hall. He emphasized on how to prepare for studying abroad like Europe, America and Australia. If students are applying for a graduate-level degree, especially a master’s programs, MBA, doctoral programs, awarding fellowship etc, they may be required to submit scores from one or more standardized graduate admissions tests. These are internationally delivered tests (GRE and TOEFL) which aim to ensure applicants are prepared for the rigors of advanced study, in their own country or abroad.

**Dr. Kashmira J Gohil** (Dean, ACP) motivated students for the awareness regarding competitive tests and encouraged audience for the better interaction. Students of B.Pharm 3rd and 4th year were benefited by the interaction. Event was coordinated by **Dr. Pravin Gupta** (Asst. Prof.) and **Mrs. Shamshath Begum** (Asst. Prof.).

## Guest lecture at Anand College of Pharmacy as a part of IIC Innovation cell

A guest lecture of **Dr. Naveen Gupta (Director HIMCS)** was organized at Anand College of Pharmacy in B. Pharm, Radhakrishnan auditorium for students of B. Pharm and D. Pharm at 11:30-1:30pm on **28<sup>th</sup> September 2019, Saturday**, as a part of **Institution Innovation Cell (IIC) Activities**. He spoke on the topic **“Problem Solving / Design Thinking and Identifying your IKIGAI”**. He conveyed to think differently or outside the box, and come up with creative ways to solve problems - new ways to look at things. Regarding this he gave various activities to the students present which they enjoyed. He explained the perception that innovation means big ideas occurring on a macro level is only partly true by giving several examples of Ratan Tata, Dheru Bhai Ambani etc.,. He elaborated about different personalities using Johari window. Lastly he summarize *IKIGAI (Japanese concept)*. As per the concept he elaborated to students about 4 questions, What you like?, Ask yourself to do the thing they have (talent)?, Is it useful for society or country? and Is it helpful in generating wealth? and then start acting.

All new students and staff attended the highly interactive session and were deeply motivated. **Dr. Kashmira J. Gohil (Dean)** presented memento to **Dr. Naveen Gupta (Director HIMCS)**.

**Mrs. Shamshad Begum (Asst. Prof, Pharmaceutics)**. and **Mr. Gurvinder Pal Singh (Asst. Prof, Pharmaceutical Chemistry)** were the coordinators of the event.

## Guest lecture held on “Cardiovascular Consequences of Eicosanoids” in Anand College of Pharmacy

A Guest Lecture was held in Anand College of Pharmacy on 18<sup>th</sup> October 2019 by **Dr. Shailendra K. Vajpayee (MBBS, MD, Pharmacology, Founder President of Indian Society of hypertension & Head, Govt. Medical College, New Civil Hospital, Surat, Gujarat)**, on “Cardiovascular Consequences of Eicosanoids” in B.Pharm Hall from 11:30am onwards .

Dr. S. K. vajpayee spoke on Eicosanoids (prostaglandins), enzymatically generated oxidation products of arachidonic acid, its contribution to cardiovascular disease in diverse ways, elucidating of the cardiovascular effects of Arachidonic acid and its Eicosanoid derivatives that has led to consequences of enzymatic oxidation and their influence on cardiac physiology in health and disease. He highlighted on the contributions of cyclooxygenases (COX), lipoxygenases (LOX) and members of the cytochrome P450 family of proteins. he elaborated that Continuing advances in pharmacologic and genetic approaches will allow greater insight into these mechanisms, thereby providing a foundation for the development of targeted pharmaceutical approaches for limiting ischaemic damage, attenuating the deleterious sequelae of cardiac hypertrophy, and preventing arrhythmogenesis.

All the students of (M.Pharm, B.Pharm , D.Pharm) and staff attended in full and learned in detail about the role of Eicosanoids (prostaglandins) in cardiovascular disease.

**Dr. K. J. Gohil (Dean)** presented memento to the guest, expressing thanks. Event was coordinated by **Mr. Gurvinder Pal Singh (Asst. Prof.)** and **Mr. Yogendra Mavai (Asst. Prof.)** and **Dr. Monika Singh (Asst. Prof.)** hosted the event.
